MHS DAV PUBLIC SCHOOL
AKHNOOR (JAMMU)

A WORD TO THE PARENTS

Parents play a significant role in the education of their child.

When they devote quality time and attention to their wards, the child can achieve more and enjoy the school atmosphere in a better way.

WHAT PARENTS CAN DO?

- To get the best from school for your child, do check the School Diary and all notebooks daily.
- You are advised to speak simple sentences in English with your child.
- Always follow the phonetic sounds and blend sounds with your ward while reading.
- Encourage your ward to read short stories.
- Words and sentence will be dictated in the class.
- Evaluation is the most important part of learning. The whole year is divided into three terms and assessment will be done in the class after each topic. Work done in books and notebooks is included in the syllabus for assessment.
- Things asked to be brought in class for various activities are also included as integral part of evaluation. Continuous and Comprehensive Evaluation will be done.
- Children will be assessed on the basis of day-to-day class room performance.
- To enhance the communication skills, and to make them more confident, Show and Tell activity will be held. Children will show any object/ picture and will speak a few lines about the same.
- Practice recitation of poems with correct pronunciation, proper actions and voice modulation.

A syllabus is a guide or roadmap to a course. It provides the framework for a great learning experience. It can tell everything that a learner needs to know about how a course will be run and what is expected of him/her.

The Syllabus is an effective tool which helps a teacher in the following ways.

- Provides a planning and communication tool with which to set realistic expectations for the teacher and the student.
- Organizes thoughts and approach to the subject.
- Helps the teacher and his/ her students to stay focused on the course objectives and exit outcomes.

The Syllabus helps a student in the following ways.

- Provides students with a vision of the course and what is required of them to be successful.
- Functions as a contract that elaborates on all components of the course and sets student expectations.
- Confirms that enrolled students represent a range of backgrounds, needs and perspectives.
- Includes a course schedule plan that provides details in a chronological format about date, meeting, topic, reading and assignments/ activities.
